PROFESSIONAL SUMMARY

Results-oriented MERN Stack Developer with over 2 years of hands-on experience in building scalable web applications. Proficient in MongoDB, Express.js, React.js, and Node.js, with a strong foundation in front-end and back-end development. Proven ability to deliver complete solutions from design to deployment. Passionate about clean code, optimized performance, and user-centric features.

SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Redux
Backend: Node.js, Express.js, REST APIs, JWT Authentication
Database: MongoDB, Mongoose
Tools & Platforms: Git, GitHub, AWS, S3, Postman, Vercel, Netlify, Render, Cloudinary
Others: MVC Architecture, API Integration, REST API, Socket.IO, Deployment

PROFESSIONAL EXPERIENCE

MERN Stack Developer
Softroniics, Perinthalmanna, Kerala
July 2024 – July 2025

- Developed and deployed multiple full-stack applications using the MERN stack.
- Implemented user authentication, file uploads, and dynamic dashboards for client projects.
- Built **RESTful APIs** and integrated with **MongoDB** for seamless CRUD operations.
- Worked closely with UI/UX designers to translate designs into functional, responsive interfaces.

MERN Stack Developer - Intern
Bridgeon Solutions, Manjeri, Kerala
September 2023 – July 2024

- Developed a full stack web application using modern technologies such as **React.js, Node.js, and MongoDB**
- Implemented **RESTful APIs** to enable communication between back-end services and front-end clients.
- Utilized source control systems such as **Git** to manage code base changes.
- Successfully completed independent projects that required self-learning

PROJECT HIGHLIGHTS

OpenSoul - Confession Group Platform   -   Live
Developed a full-stack web application where students can anonymously post and interact within multiple confession groups. Users can join groups, post confessions, like and comment on others' posts. Implemented role-based access with an admin panel to manage users, groups, and content. Each student receives a unique ID for secure login.
Tech stack: MongoDB, Express.js, React.js, Node.js.

Tender Management System   -   [Live](#)

A full-stack application where users could view, apply, and manage government tenders. Included admin panel, search filters, file uploads, and secure login.
 Tech Stack: React.js, Node.js, MongoDB, Tailwind CSS, Cloudinary

FunChat-Real-time Chat App   -   [Live](#)

Built using Socket.IO for real-time communication. Enabled one-to-one chat, group messaging, and online presence detection.
 Tech Stack: React.js, Node.js, Express, MongoDB, Socket.IO

SOFT SKILLS

Problem Solving, Quick Learner & Self-Motivated, Adaptability, Team Management

LANGUAGE

English, Malayalam, Tamil

EDUCATION

Diploma in Instrumentation Engineering

Government Polytechnic College Manjeri, Kerala

2020-2023
